

## Portions of Davie and Cooper City to be Sprayed for Adult Mosquitoes

- Aerial spraying to take place Tuesday -

**BROWARD COUNTY, FL** - The Mosquito Control Section will spray for adult mosquitoes over parts of Town of Davie and Southwest Ranches on Tuesday, June 5, 2018, weather permitting.

This aerial adulticide spraying is targeting nuisance mosquitoes usually associated with heavy rains during the summer months, and the amount of rainfall associated with the last rain events. The County is spraying because it's received many spray requests from residents and businesses in these cities.

The aerial spraying will be conducted between the hours of 4 - 6:30 AM. Residents with breathing difficulties should remain indoors. People living in the area who have registered with the State to be alerted prior to spraying will be notified. You'll find the map of the areas attached below.

Broward County Mosquito Control Section sprays areas of the County by truck and plane, based on requests received from residents. To request service online, complete the [Mosquito Spray Request Form](#) or call 954-765-4062.

Residents are the first line of defense when it comes to combatting any mosquito. You'll find detailed information on our [website](#).
